Affiliations

One of the goals of Circulos Tenebris Matrem Arcanas is the forging of connections and helping people to find their unique way on their spiritual path. Because of this, CTMA encourages spiritual affiliations between members of our group and other spiritual paths. As a lineage we also will be open to affiliations with other groups where CTMA and our affiliates can mutually benefit from associating and sharing knowledge. There is no expectation that either group will conform to the details of the other, just work together for common purpose. If you would like to propose an affiliation between CTMA and another spiritual organization, email [Tau Yonas](mailto:TauYonas) to discuss.

Arcs

Another goal of CTMA is for its members to explore whatever areas of spirituality they wish. This means they can dive as shallow or as deep into any area of study or discipline of the Tradition. Because of this we encourage initiates to explore whatever aspects resonate with them. Arcs (or Arks) are groups within the Tradition where individuals can explore areas that they want to learn more about. If you would like to start or join an arc, email [Tau Yonas](mailto:TauYonas) with your request.

Some example Arcs are:

- Angels

- Arts & Creativity
- Healing
- Kabbalah
- Prophecy
- Ritual
- Scholarship
- Shamanism
- Tarot
- Etc.

Pantheons

We have discussed previously in several of our study guides and on our web site the idea of Partzufim (personalities of God). Because CTMA has no dogma and we encourage initiates to work with whatever deities they wish, we also encourage groups that wish to work with a certain pantheon of deities (or even specific individual deities). If you would like to start or join a pantheon group, email [Tau Yonas](#) with your request.

Some example Pantheons are:

- Celtic
- Egyptian
- Greek / Roman
- Hindu
- Judeo-Gnostic
- Norse
- Santeria
- Sumerian / Mesopotamian
- Voodoo
- Etc.
